
Create a Twitter Moment Twitter Moments are personalized, topic-based collections of Tweets that are created automatically for you with the touch of a button. They make discovering relevant content easier by surfacing Tweets in one place. And most importantly, they make it simple to publicize your work on Twitter. Here's the recipe for creating your own Moment: -Make sure you're following all the right accounts to capture the tweets you want in your moment -You'll also need to be logged into twitter -And then go into "moments" tab on twitter Lastly, scroll down and click "Create A New Moment". Fill in the form and add a title to your moment. Then, pick your favorite tweets from your search results and add them to the "moment". Here's a screenshot of the moment I created: see the tweets from my search results? That's what I was talking about. You can make a preview of you Moment by going to the tab labeled "previews" using your Twitter account. It looks like this: There you can get a quick hands-on look at your Moment before you Tweet it out. After enough successful recommendations, the app will recommend you to download its paid version.
